

# Discover the Benefits of Home Dialysis

Learn more about home dialysis with a new video, *Dialysis: How I Took the Road Home*.

In this new video, follow ESRD patients as they share their personal journey with home dialysis. From discovering needle-free modalities like peritoneal dialysis (PD) to enjoying the flexibility to travel, patients are finding a better quality of life.

Imagine life with:

- More energy
- Flexible treatment schedules
- Fewer diet and fluid restrictions
- Less travel to the clinic

Watch the video today at [www.hsag.com/home-dialysis](http://www.hsag.com/home-dialysis).

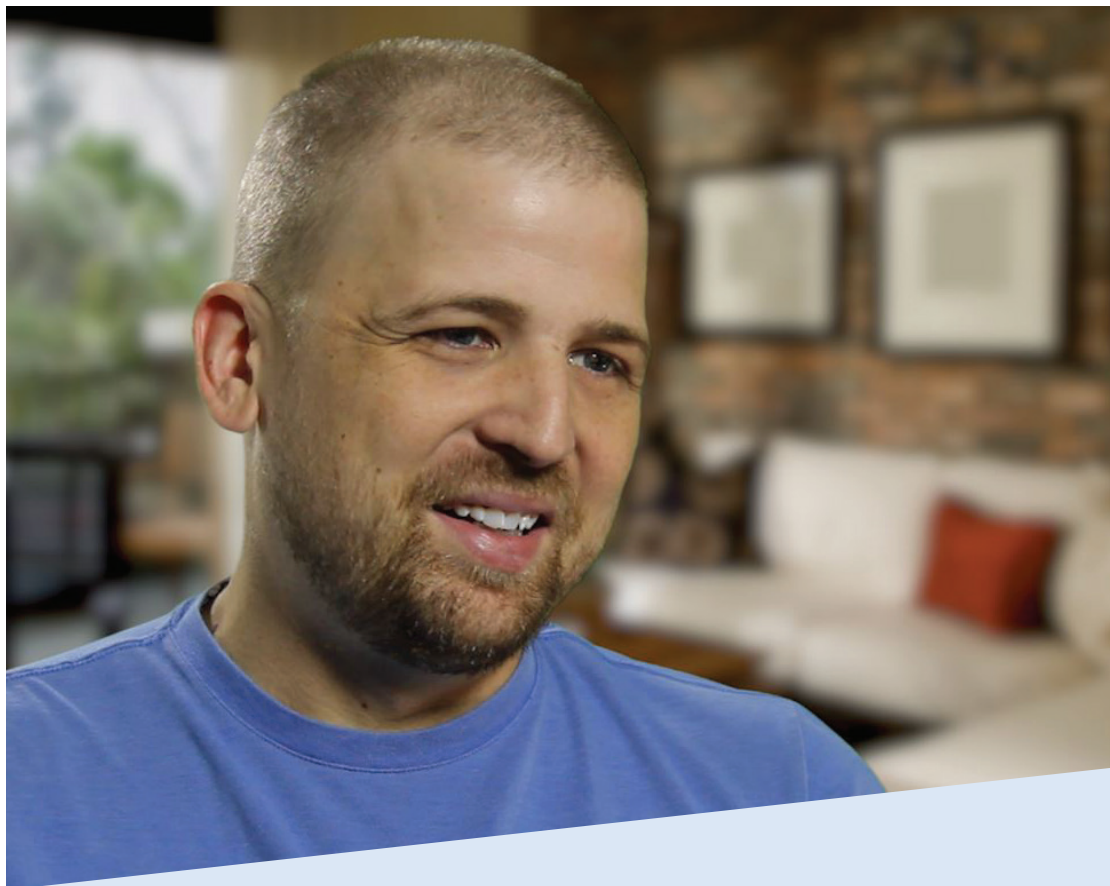

More than **25,000 people** are doing **home dialysis** every day.

**Find out if home dialysis is right for you.** Talk to your healthcare team to learn about your options.

“The best thing about home dialysis is definitely the freedom to live my life the way I want.”

—Stephen
