

Data Accuracy and Completeness Acknowledgement

The RHQDAPU FY2011 requirement is for hospitals to electronically acknowledge their data accuracy and completeness once from July 1, 2010 - August 15, 2010 for the FY 2011 Annual Payment Update.

Data entry will be achieved through the secure side of QualityNet via an online tool called **Structural Measures Data Acknowledgement**. It will be available in the Manage Measures section with a link on the MyTasks page. This application will allow hospitals or their vendors to view and answer the measure question(s). The role to access this link is the Measure Designation Update or Read role. These roles are currently in use. Once the application is released, if a user has the role, the link will be available. Measure Designation Update will allow the user to view, print or edit the question(s) and answers. Measure Designation Read will allow the user to view or print this information.

This material was prepared by IFMC, the RHQDAPU Quality Improvement Organization Support Center, under contract with the Centers for Medicare & Medicaid Services (CMS), an agency of the U.S. Department of Health and Human Services.
