Questions	Answers
Question 1	<p>If a small group sells to a big group mid-year, how do you attest for a full year with your first Tax Identification Number (TIN) since quality is 12 months?</p> <p>If the providers are eligible to report for the Merit-based Incentive Payment System (MIPS) program, they will need to submit whatever data they can for the previous practice for the time they were open. Because the practice was not open the full year, it will reflect a "full year" of data for the program.</p>
Question 2	<p>How can we get email support questions answered? How can we get good training for our small practice?</p> <p>Please feel free to contact us here at HSAG from 8 a.m.–8 p.m. Eastern Time (ET). We would be happy to assist you and answer any questions you may have. Also, attending the Learning Forum Fridays (LFF) event on March 8th would provide you with helpful information.</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div data-bbox="337 695 683 1003" style="border: 1px solid #ccc; padding: 10px; text-align: center;">  <p>Call Us 844.472.4227</p> </div> <div data-bbox="704 695 1187 1003" style="border: 1px solid #ccc; padding: 10px; text-align: center;">  <p>Email Us HSAGQPPSupport@hsag.com</p> </div> </div>
Question 3	<p>Why [sic] electronic health record (EHR) stop [sic] accumulating measure score?</p> <p>Because there are numerous different EHR companies, we would recommend that you contact your EHR representative for the most concise and accurate answer.</p>
Question 4	<p>Registry reporting and strategies on how to encourage patients and staff to communicate via portal or electronically that works!</p> <p>We would recommend that you have meetings with your staff members as often as you feel necessary to discuss your participation in the Quality Payment Program. Regarding your patients, if you have their email addresses, you may find it helpful to send notifications or reminders regarding the benefits of utilizing the portal/email. Perhaps informing them of the faster/clearer response that they would receive via email or portal? All of this depends on your portal's capabilities and staff monitoring/participation of this resource.</p>
Question 5	<p>Is there a place to go that would spell out in plain language what is needed to complete this?</p> <p>Please feel free to contact us here at HSAG from 8 a.m.–8 p.m. Eastern Time (ET). We would be happy to assist you and answer any questions that you may have. Also, attending the LFF on March 8th will provide you with important information that will be beneficial.</p>
