

Health Services Advisory Group (HSAG) Invites You to Attend the Behavioral Health Webinar

Dementia in More Detail

Friday, February 8, 2019 • 9–10 a.m. MST (11 a.m. EST)

HSAG invites you to participate in the first Behavioral Health (BH) Educational Webinar of 2019! We all have thoughts about what Dementia is, however, it is so much more than memory loss. Join us and expand your knowledge on this commonly misunderstood subject.

Learn from our subject matter expert:

- Types of Dementia
- Signs and symptoms of onset
- How formal diagnosis is determined
- Stages, treatment options, and prognoses

Please share information about this no-cost webinar with your friends, family, and colleagues. We look forward to having you join us!

Jan Dougherty, MS, RN, FAAN is a known nursing expert and leader in dementia care crafting innovative programs to support people living with dementia and their family caregivers across the care continuum. For over 2 decades, Jan has pioneered unique dementia programs being used in Arizona, nationally and internationally. These programs include Dementia Care Paths and Best Practices for Dementia Care Management; Hospice Care for Dementia; Palliative Care for Advanced Dementia; Arts and Dementia; and the Native American Toolkit for Alzheimer's disease. Most recently, Jan has been on the forefront of the Dementia Friendly Community movement making Tempe, Arizona, the first Dementia Friendly Community in Arizona. Jan completed her BSN from Valparaiso University and her MS in Gerontological Nursing from the University of Arizona. She has received numerous professional and program awards and recognitions. She is a noted speaker, author, and educational designer of numerous professional and family caregiver education programs. Jan works as a Special Projects Consultant with Banner Alzheimer's Institute and as the Dementia Fellowship Director with Hospice of the Valley in Phoenix, Arizona.
