

## What's Your Plan to Get Patients on the Transplant Waitlist?

## Plan

- **Goal:** Demonstrate at least a 10% point increase in the rate of eligible patients placed on a waitlist for transplant
- **Interventions:** Root cause analysis, education (staff and patients), relationship-building
- **Lead Identification:** Administrator/Social Worker
- **Timeline:** January–September 2018

## Do

- **Carry out the plan:** Conduct RCA, submit data to Network monthly, conduct education, identify/employ/share best practices
- **Document:** Document in patient files, complete Medical Contraindication Forms, implement transplant education, communicate with transplant center, refer all interested patients
- **Record the data:** Use/document internal tracking tool, report to Network on progress

## Study

- Continue to Review patients for suitability and interest monthly
- Which interventions are working, which are not?
- Use RCA to determine why
- Make note of best/worst practices

## Act

- Make rapid-cycle changes based on your monthly reviews
- Revise/document your plan accordingly
- Contact the Network for assistance when unsure
