IHO: BP program “Share your experiences” webinar:

Module 3 “Share Your Experience” webinar: Understanding how clinical inertia and limited patient engagement contribute to uncontrolled hypertension

11 a.m. –12 p.m. Pacific time; noon–1 p.m. Mountain time (Arizona);
1–2 p.m. Central time; 2–3 p.m. Eastern time

Friday, December 11, 2015

This upcoming webinar is designed for all practices participating in the “Improving Health Outcomes: Blood Pressure” (IHO: BP) program to convene virtually to discuss learnings after having implemented the tools, resources and knowledge gained into practice from Module 1 of the IHO: BP program. Participants will have an opportunity for peer-to-peer learning by discussing actions taken and opportunities for improvement. This upcoming webinar is hosted by the American Medical Association, Johns Hopkins Medicine and the Health Services Advisory Group (HSAG).

Come prepared to:

- Use BP control rate data to report your progress to the group.
- Share your findings from administering the “Act rapidly” and “Partner with patients” assessment tools
- Share your challenges and successes and learn from project faculty and other improvement teams.

If you haven’t already, please be sure to access and implement in your practice the tools and resources included in Module 3 by visiting the [HSAG SharePoint website](#). Instructions on how to complete account registration have been emailed to all individuals that have attended previously, either in-person or through a virtual kickoff event.
