

# Virtual Infection Prevention Train-the-Trainer Workshops

The California Department of Public Health (CDPH) Healthcare-Associated Infections (HAI) Program and Health Services Advisory Group (HSAG) invite all skilled nursing facilities (SNFs) to participate in train-the-trainer workshops focused on improving infection prevention and control (IPC) practices to reduce HAIs and infection-related hospitalizations.

## 4 Train-the-Trainer Workshops will be offered over 15 weeks.

Participating SNFs should designate and register 2–4 representatives to attend each 90-minute workshop (i.e., IP, DON, DSD, NHA, EVS Manager, CNA Champion, Corporate Leadership). The representatives that attend each of the 4 workshops do not need to be the same for each workshop topic. Following completion of each workshop, trainees will be expected to train SNF staff on the IPC practices taught in each workshop.

## Workshop Topics

All times are Pacific Standard Time (PST). Trainings are repeated four times per week for each workshop topic to accommodate schedules. Choose one day/time per workshop topic to attend.
