

CHAN
California Health Alert Network

California Health Alert Network (CAHAN)

- CDPH's emergency preparedness notification platform
- Intended audiences include:
 - Local Health Department key personnel
 - CDPH licensed healthcare facility key personnel
 - Select State and Federal emergency response partners
- Emergency preparedness materials include:
 - CDC Health Alerts
 - CDPH Disease Guidance
 - Center for Healthcare Quality All Facilities Letters (AFLs)

How CAHAN Works

How CAHAN Works

- Intended for just **two or three key contacts** at each healthcare facility
 - Contacts can further share CAHAN notifications by email forward or policy changes
- CAHAN is **not** a distribution list
 - Contacts receive alerts based on contact profile identifiers
 - ✦ If you work at a Skilled Nursing Facility (SNF), you will receive **all** alerts that CDPH intends for SNFs

How to Register

- Interested appropriate parties should complete the **Contact Add Request Form** and return it to their **local, Lead Health Alert Network (HAN) Coordinator**
- Local Lead HAN Coordinator Directory:
<https://member.everbridge.net/892807736722952/faq>
- Contact CAHANinfo@cdph.ca.gov with questions or issues with enrollment
