

# CaIREDIE, MLR, & NHSN

---

POC TEST REPORTING

# Reporting Requirements

---

- Result from POC tests must be reported, similar to other COVID test types
- Two primary avenues for reporting POC tests exist:
  - NHSN reporting feed
  - Manual Lab Reporting (MLR) Module
- Only need to report through one or the other, NOT both
- CalREDIE prefers reports be submitted via the NHSN if possible
  - If not possible, MLR is required
