- Sign up for our mailing list and quarterly newsletter **“CNA Today”**
- Join our **monthly office hours**

EVS Regional HAI Prevention Collaboratives

- In-person training and one-on-one support from HAI Program Infection Preventionists and IPC Trainers
- Involves a 4 to 6-month commitment from SNF and local public health
- Pilot in progress; **looking for early adopters for Spring 2022**

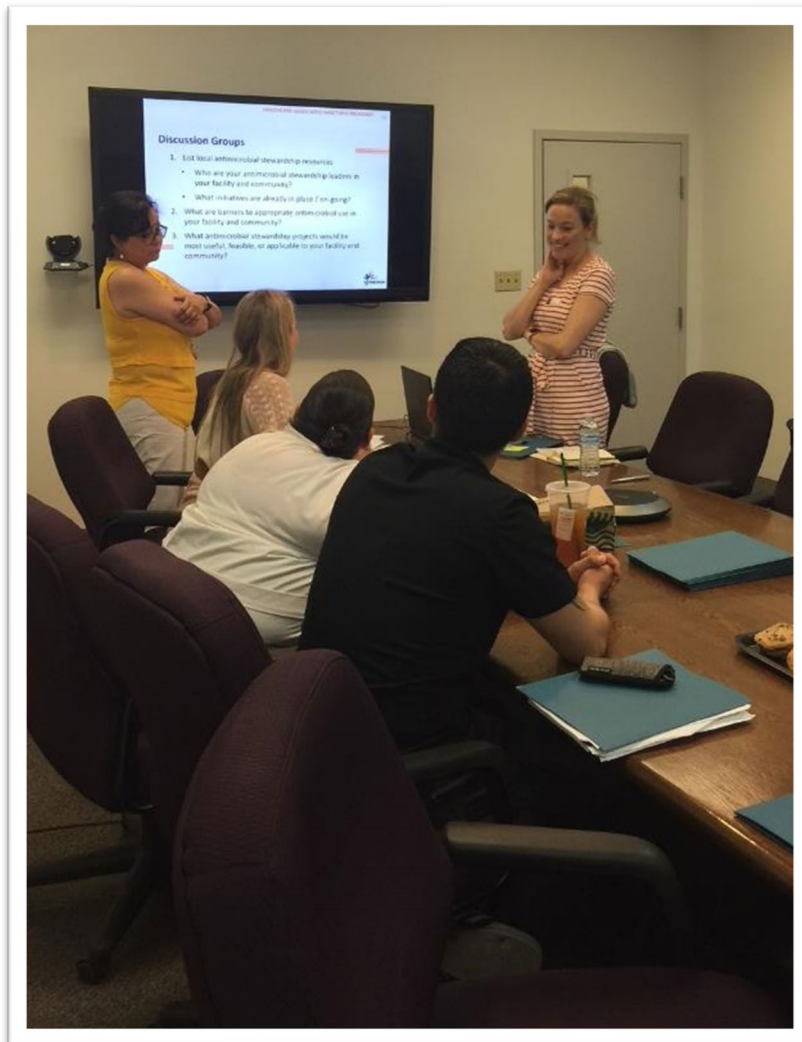

Bundle Approach

- Infection prevention training for EVS staff **specific to EVS tasks** with return demonstration
- Periodic **onsite infection prevention assessments** to measure progress
- **Adherence monitoring** training for EVS managers

Ventilator-Equipped Skilled Nursing Facility Workgroup to Prevent Multidrug-Resistant Organisms (vSNF Workgroup)

- Provides support to vSNF to address challenges associated with MDRO infections
- Web-based training and one-on-one support from HAI Program Infection Preventionists
- 18-month commitment
- **Cohort 2 recruitment begins January 2022**

Access to Resources

- **Quality Improvement project guidance** from HAI Program Infection Preventionists
- Periodic **onsite infection prevention assessments** with feedback
- Monthly virtual **workshops** (earn CEU)
- **Opportunities to share and discuss** with a network of vSNF
