BE A FLU MVP

MOST VALUABLE PROTECTOR

Two-Minute Huddle Script

Use in staff huddles, team meetings, and shift changes.

- Flu season is here, and our goal is 95 percent or better for healthcare worker vaccination.
- The theme is simple: *Be a flu MVP (Most Valuable Protector). Get vaccinated before the flu drafts you.*
- Vaccination protects patients, coworkers, families, and staffing stability.
- Clinics are available across shifts. Check the flyers posted on the unit for times and locations (or announce the next clinic).
- Questions are welcome. Employee Health/Infection Prevention staff can help. (Refer to the Myth vs. Fact handout.)

*Get
vaccinated
before the flu
drafts you.*

Team Challenge

Post weekly unit standings and celebrate
75 percent, 85 percent, 95 percent, and 100 percent milestones.
