

Empower Yourself and Others

Vaccine Education Event

We are excited to invite you to our upcoming vaccine education event!

Join us for an informative event designed to empower individuals with knowledge about vaccination, its importance, and the impact on public health.

Objectives

- Provide comprehensive information on vaccines and their role in preventing diseases.
- Understand how vaccines work, how they were developed, and the importance of vaccination in maintaining community health.
- Learn how to differentiate between facts and myths surrounding vaccination. Our specialists will address common misconceptions and provide evidence-based information.
- Engage directly with specialists during a dedicated question-and-answer session.

Who Should Attend?

- Residents and families of residents seeking information about vaccination.
- Staff members looking to make informed decisions about their health and the health of their community.
